Independent Auditor's Report

The Board of Directors
Mary's Pence

I have audited the accompanying statement of financial position of Mary's Pence (the "Organization") as of June 30, 2011, and the related statement of activities for the year then ended. These financial statements are the responsibility of the Organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mary's Pence as of June 30, 2011, and the results of their activities for the year then ended in conformity with accounting principles generally accepted in the United States of America.

MARY'S PENCE

Notes to Financial Statements June 30, 2011

Note 1- Nature of organization

Mary's Pence (the "Organization"), was incorporated under the Laws of the State of Illinois in 1987 as a non-profit organization. Mary's Pence promotes Catholic social justice by directing donated resources to small women's projects in the Americas.

Vision

Mary's Pence is a Catholic women's organization serving women in the Americas in order to help them improve their overall health and well-being through increased economic self-sufficiency. The focus is on ministries that directly impact the quality of life. They offer resources and training that increases women's economic power while fostering education and expanding leadership.

Core Values

- The Organization's work is rooted in the Catholic social justice tradition of inclusiveness, mutuality, equality, and the redistribution of resources.
- All people have inherent dignity and worth, and therefore a right to healthy food, clean water, decent housing, health care, education, and meaningful work that provides a sustainable income.
- Improve the lives of women, improve the lives of children, communities and whole societies.
- The Organization believes that change is possible and that small efforts can result in important changes, locally, in the wider community and even globally.
- The Organization believes in autonomy so that those most directly affected by a decision have the right to participate in the making of the decision.
- The Organization values partnership and networking, coordination and synergy.

Note 2- Summary of significant accounting policies

Net assets

The Organization's net assets consist of the following:

Unrestricted

Unrestricted net assets consist of amounts that can be spent at the discretion of the Organization to support operations.

Temporarily restricted

Temporarily restricted net assets include contributions either received with donor stipulations that limit the use of the donated assets for a specific purpose or relate to future periods. When a donor time restriction expires or the purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

The following is a summary of the temporarily restricted net assets for the year ended June 30, 2011:

Program

Internet café	\$ 1,154
Total	\$ 1,154

Contributions

The Organization has adopted SFAS No. 116, "Accounting for Contributions Received and Contributions Made." In accordance with SFAS No. 116, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence of any donor imposed restrictions. The Organization does not have any permanently restricted net assets as of June 30, 2011.

Donated services

The Organization receives donated services rendered by volunteers who have donated significant amounts of their time to the Organization's activities. No amounts have been reflected in the financial statements for donated services in as much as no objective basis is available to measure the value of such services.

Note 2- Summary of significant accounting policies (continued)

Furniture, fixtures, and equipment

The Organization's furniture, fixtures, and equipment are being depreciated on the straight-line basis over the estimated useful lives of the assets, which range from three to seven years.

Functional expenses

The cost of providing the various programs and other activities has been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

Concentration of credit risk

The Organization's financial instruments that are exposed to concentrations of credit risk consist primarily of cash and investments. The Organization places its cash with what it believes to be quality financial institutions. The Organization invests in mutual funds, U.S. Government Obligations and equities. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in interest rates, market volatility and credit risks, it is reasonably possible that changes in these risks could materially affect the fair value of the investments reported in the statement of financial position as of June 30, 2011. The Organization routinely assesses the financial strength of its cash and investment portfolio. Therefore, the Organization believes no significant concentration of credit risk exists with respect to its cash and investments.

Comparative financial information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class or functional classification. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2010.

Note 3- Investments

The Organization reports investments at fair market value. The market value of the investments is based on publicly quoted prices. The cost of investments sold is determined on the average cost basis. Realized and unrealized gains (losses) on investments are recorded in the statement of activities.

The following is a summary of the investments as of June 30, 2011 and 2010:

Note 6- Interest in Unitrust

The Organization is named as a charitable beneficiary on the Hendricks/Rauch Charitable Remainder Unitrust dated December 22, 1989 (the "Trust").
